A. Introduction.....	1
B. Background of the Study	2
C. Statement of the Problem.....	3
D. Objectives of the Study.....	5
E. Significance of the Study	6
F. Scope and Delimitation of the Study	6
II. Résumé of Related Literature and Professional Studies	
A. Related Literature.....	8
B. Related Studies.....	11
1. Summary of Related Studies.....	16
III. Research Design and Methodology	
A. Definition of Terms.....	19
B. Hypothesis.....	20
C. Basic Assumption	20
D. Research Design and Methodology	
1. Specification of Research Data	21
2. Sources of Data	21
3. Description of Research Models	22
IV. Presentation and Interpretation of Data	
A. System Architecture.....	24
B. System Development Tools	26
C. Algorithms	27
D. Processes	37
E. Features of the System	44
F. Comparative Analysis	45
G. Testing	
1. Test Script	47
2. Test Cases	48
H. Findings	48
I. Problems Encountered in System Implementation	49

V.	Summary, Conclusions and Recommendations	
A.	Summary	50
